

ASWOON[™]
Susan Woods Studio

CATALOGUE 2006/2007

COMPANY

Experimental approaches to functional art, artistic exterior and interior design constitute the building blocks of Susan Woods' philosophy.

Aswoon™/Susan Woods Studio, LLC. specializes in the design and fabrication of high-end objects d'art and architectural additions in a variety of sophisticated and reclaimed materials. We develop sculptural prototypes along with configuration solutions for interior and exterior spaces. Exploring the relationship between design experimentation and production, Susan Woods continually creates additions to her own design lines.

Our portfolio includes years of experience with architects and designers, private and corporate as well as retail clients like Cartier, Fortuni, Aveda, ABC Carpet, Ann Taylor and W-Hotels. With an extensive foundation as the un-named sculptor, fabricator, collaborator behind designers, Susan Woods worked for Ferragamo, Gucci, Victoria's Secret, Saks Fifth Ave. Corporate image and identity always encompass an integral part of our comprehensive approach to the development of environments and public spaces.

Aswoon™/Susan Woods Studio maintains a 4,000 sf production facility in the Brooklyn Navy Yard at 63 Flushing Ave., Building 131, Suite 207, and a showroom storefront in nearby DUMBO, Brooklyn at 14 Jay St.
